

This is how we help.

Notre Dame Housing is more than affordable housing. NDH's commitment to the community is brought to life with the seniors we serve. 80% of those served live below poverty level, unable to meet their basic needs of food, housing, transportation, and healthcare on their own. NDH not only assists them in securing outside services, but offers several on-site services that promote the health and wellness of their residents, noting that these are two of the most immediate concerns.

"I love it here. Even though I'm able to take care of myself I know someone's always looking out for me. This is a community and we take care of each other. It's my home."

—Linda, NDH Resident

A Proud Tradition

Founded in 1997, Notre Dame Housing was originally created by the Notre Dame Sisters to address the unmet need of affordable senior housing.

Affordable housing for seniors is still in high demand and Notre Dame Housing is here to serve older adults of all faiths and backgrounds. Our commitment goes beyond housing and addresses health, social, spiritual, and physical needs which provides our residents the ability to live independently for as long as possible.
